EXERCISE ONE

Getting Started With Publisher

To begin Publisher we click the Start button on Windows Task Bar. Next place the cursor pointer up to the Menu Options and click on Programs, followed by Left Clicking on Publisher, which is within the programs menu.

A faster way to start Publisher is to Double Click on the Publisher Icon on the Desktop.

Hi
I am the Publisher Icon
Two clicks on me and
I'm ready to go

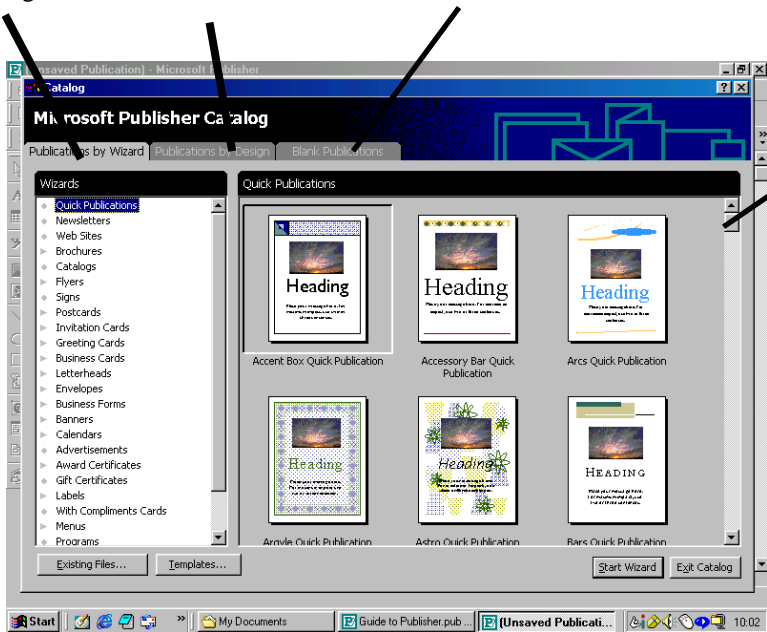

Try to keep your mouse still when clicking on an **ICON** or files, or they may not open first time

As soon as you double click on the Publisher , the program starts off by default and displays Publishers Catalogue – from this you may choose one of three options displayed below.

Click here to view the range of PageWizard's

Click here to see a range of Pre-designed Publications

Click here to see the range of blank page options.

Use the scroll bar to see if Publisher has any other designs available.

To quickly choose a Design or Style, double click the desired Page-Wizard

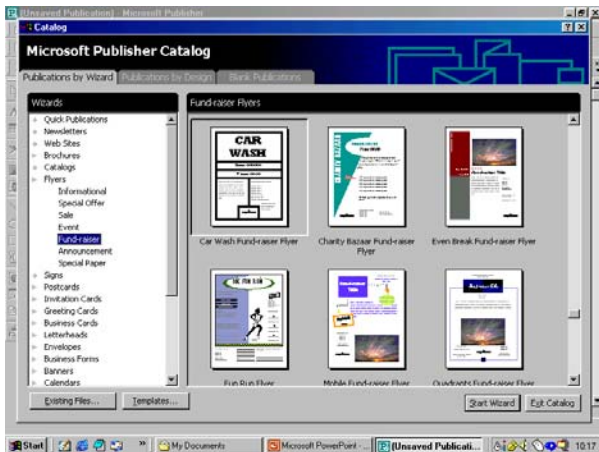

When you create you own document templates, you can soon gain access to them by clicking on the Existing Publications tab, followed by the Templates button.

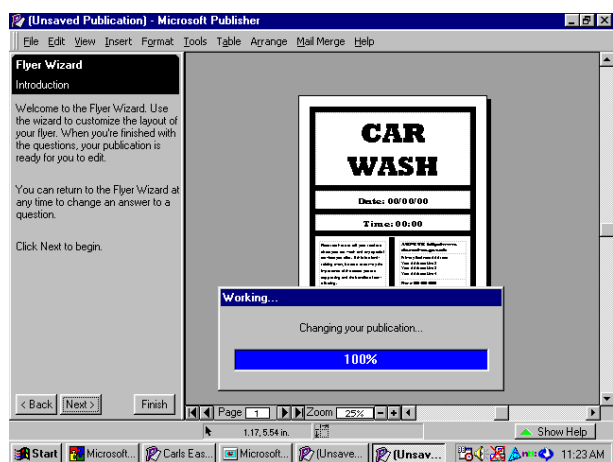

Quick and Easy Pre-designed Publications

Try this practice design just to see how quick and easy it really can be to publish your very first work using Publishers Wizards.

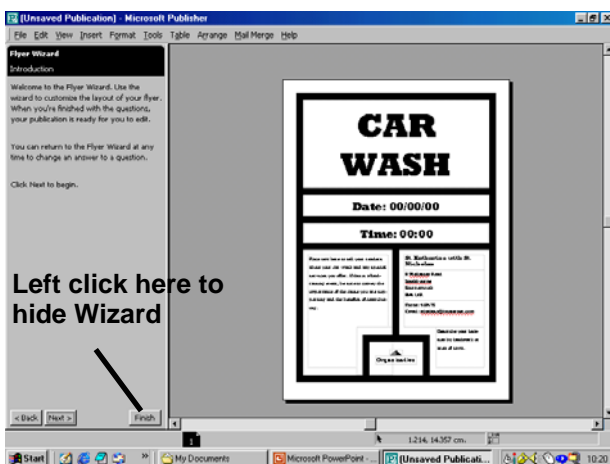

- 1 Click on **Publications by Wizard**
- 2 Click on **Flyer**
- 3 Click on **fund-raiser**
- 4 **Double Click** on Selected Frame **Car Wash** and immediately the **wizard** will begin to set up your selected publication. **Alternatively** you could click on **start wizard**.

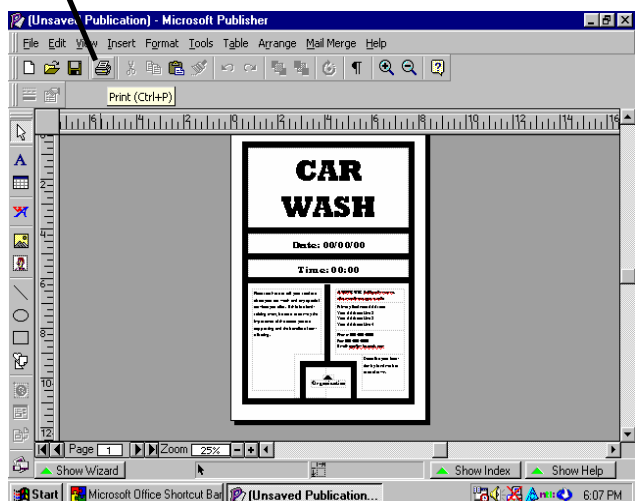

Below, you will see Microsoft's clever wizard is in the process of creating your publication.

- 5 You will see below how publishers Wizard has created that Publication for you. We are going to create a black and white print, so we will not require the colour wizard. Now left click on **Finish**, then left click on **hide wizard** as below

- 6 Click on **Printer Icon** and your publication is on its way to the printer,
- 7 Save your publication to floppy Disc with the file name. **My Proof Print**.

EXERCISE TWO
