Dear Mr Barron,

NEW TELECOMMUNICATIONS SUPERCONTROLLER & SYSTEMS

Thank you for your correspondence on the subject of a new Telecommunications Supercontroller & Systems

I have asked my team to consider your proposal and have concluded that our response must be the same as outlined in the letter to yourself from Millie Bannerjee of the 4th August 1995 (copy attached).

I would recommend that you refer your proposal to OFIEL which has responsibility for numbering in the United Kingdom.

Thankyou again for submitting your proposal for consideration and I wish you well for the future.

Yours Sincerely,

Mike Tilley

Director Design & Build
